

Authors are required to post information in the manuscript on the following issues:

Author Contributions:¹ Conceptualization, X.X. and Y.Y.; Methodology, X.X.; Validation, X.X., Y.Y. and Z.Z.; Formal Analysis, X.X.; Investigation, X.X.; Writing – Original Draft Preparation, X.X.; Writing – Review & Editing, X.X.; Visualization, X.X.; Supervision, X.X. All authors have read and agreed to the published version of the manuscript.

Funding:²

- This research received no external funding.
- This research was funded by [name of funder] grant number [xxx]

Institutional Review Board Statement:³

- Not applicable.
- *For example:* The study was approved by the Ethics and Bioethics Committee of the Cardinal Stefan Wyszyński University in Warsaw (21 September, 2021).

Conflicts of Interest:⁴

- The authors declare no conflict of interest.
- The founding sponsors had no role in the design of the study; in the collection, analyses, or interpretation of data; in the writing of the manuscript, and in the decision to publish the results.

Acknowledgments:

Explanation of Contributing Authors' Activities

Conceptualization	Ideas; formulation or evolution of overarching research goals and aims.
Formal analysis	Application of statistical, mathematical, computational, or other formal techniques to analyze or synthesize study data.
Investigation	Conducting a research and investigation process, specifically performing the experiments, or data/evidence collection.
Methodology	Development or design of methodology; creation of models.
Supervision	Oversight and leadership responsibility for the research activity planning and execution, including mentorship external to the core team.
Validation	Verification, whether as a part of the activity or separate, of the overall replication/reproducibility of results/experiments and other research outputs.
Visualization	Preparation, creation and/or presentation of the published work, specifically visualization/data presentation.
Writing - original draft	Preparation, creation and/or presentation of the published work, specifically writing the initial draft (including substantive translation).
Writing - review & editing	Preparation, creation and/or presentation of the published work by those from the original research group, specifically critical review, commentary or revision– including pre- or post-publication stages.

¹ This applies only to multi-author articles. Please select only those tasks that were carried out as part of the publication. Assign to the tasks initials of the authors.

² Please choose one of the possible answers, complete the missing data and delete the unnecessary answer.

³ Please choose one of the possible answers, complete the missing data and delete the unnecessary answer.

⁴ Please choose one of the possible answers, complete the missing data and delete the unnecessary answer.
